Dual Collection

Dual is built on a powerful design belief: **when color is distilled to its essence, surface becomes the protagonist.** Form, relief, texture, gloss, and grain come together with precision, shaping an **immersive material language** that brings **sensorial depth** to space. What emerges is not simplicity, but intensity, a collection where **every finish and every touch deepens the architectural expression.**

A complete surface system

Through field tile in a fully matte, solid glazed finish, then through wall reliefs, accessories, and mosaics that introduce multiple finishes and sensorial depth, Dual reveals how **restraint can become a catalyst for innovation,** elevating the role of **shape, texture, sheen, and geometry** in contemporary interiors.

Five wall relief identities

The wall relief program unfolds through **five tactile expressions**, translating an essential palette into natural, crafted, architectural, and graphic directions.

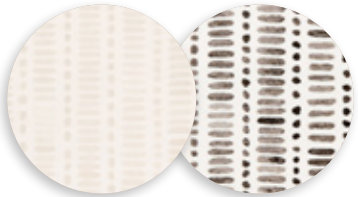
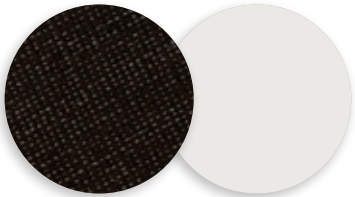
Dual Bianco Note 6x6 GLOSS-MATTE



Dual Note draws from the perforated music-roll pattern of classic music boxes, reinterpreted through a contemporary cultural lens.



Dual Base, with its linen-like texture, offers a quiet and minimal counterpoint, designed to pair effortlessly with Note or stand on its own.

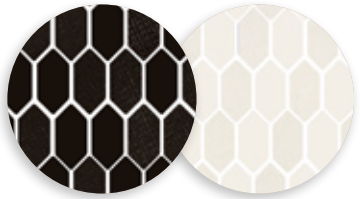
A defining mosaic program: personalization through form

Dual’s mosaic program extends the collection into a **fully articulated language of personalization.**

Through complementary interpretations that shift emphasis, it opens new ways to compose surfaces, from subtle texture to **bold graphic statements.**

Puzzle is offered in white-dominant and black-dominant readings, designed to bring **contrast, movement, and graphic composition.** Crafted from natural stone cut into extremely small pieces and bonded through a resin structure, it introduces **refined scale and tactile richness.** For grout, white is recommended for white-dominant compositions and black for black-dominant ones, keeping attention on the material interplay itself.



Vetro is a glass mosaic made of extremely small pieces, delivering a refined composition with **mixed surface effects**, including **super gloss accents** that create depth and variation within the same mosaic.

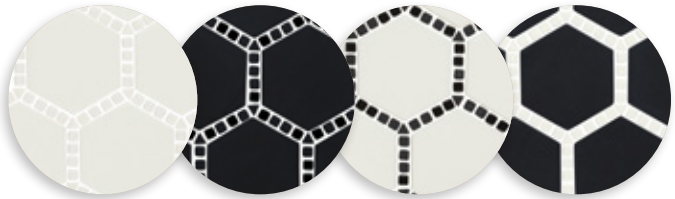
Dual Mos Halo Bianco Mix 10x11 MATTE



Halo is a hexagon mosaic offered in four interpretations: all white, all black, white with black outlines, and black with white outlines. For the outlined versions, grout should match the outline tone to preserve the graphic drawing and **heighten pattern definition.**
