## NORIAN.

Glazed Porcelain Tile

The Norian Collection draws inspiration from the magnificent beauty of the earth's ancient geological past. Inspired by the Limestone formations that bore witness to the steady passage of life on earth, leaving us a philosophical and physical legacy to be incorporated into design and architecture.

As a masterpiece of nature, Limestone features organic and fluid lines that simulate a visually tactile textured surface, allowing you to experience the timeless essence of this ancient stone in your everyday life. Available in four neutral tones and two finishes: matte and polished. The Norian Collection is a versatile addition to all types of interior environment, effortlessly harmonizing with a range of decor styles, from classic to contemporary, while simultaneously conveying a sense of calm, organic, grandeur.

Discover how the Norian Collection can shape today's architectural projects, infusing them with a sense of history and sophistication, a testament to the timelessness of ancient eras.
