ATTITUDE, IN HIGH DEFINITION

Conceived as a portfolio enabler, Dual expands specification freedom through a highly resolved set of tactile and graphic tools. Made in our U.S. factory, it translates advanced porcelain technology into a system of unusual depth and versatility, giving architects and designers maximum compositional range to shape spaces with greater individuality and material richness.

Dual Bianco Lineare 24x48 NAT RECT

Dual is built on a powerful design belief: when color is distilled to its essence, surface becomes the protagonist. Form, relief, texture, gloss, and grain come together with precision, shaping an immersive material language that brings sensorial depth to space. What emerges is not simplicity, but intensity, a collection where every finish and every touch deepens the architectural expression.

A complete surface system
Through field tile in a fully matte, solid glazed
finish, then through wall reliefs, accessories,
and mosaics that introduce multiple finishes
and sensorial depth, Dual reveals how
restraint can become a catalyst for innovation,
elevating the role of shape, texture, sheen,
and geometry in contemporary interiors.

A complete surface system

Six wall relief identities

The wall relief program unfolds through six tactile expressions, translating an essential palette into natural, crafted, architectural, and graphic directions.

6x6 accessories for composition and contrast
Dual includes 6x6 accessories that expand
both layout and expression.

Dual Note draws from the perforated music-roll
pattern of classic music boxes, reinterpreted
through a contemporary cultural lens.

Dual Base, with its linen-like texture, offers a
quiet and minimal counterpoint, designed to
pair effortlessly with Note or stand on its own.

A defining mosaic program:
personalization through form

Dual's mosaic program extends the collection into a fully articulated language of personalization. Through complementary interpretations that shift emphasis, it opens new ways to compose surfaces, from subtle texture to bold graphic statements.
