LIGHT HELD INSIDE MATTER

Cristallo captures a new stone movement where quartzites evolve beyond pattern into **light behavior**. Building on the market's growing attraction to luminous stone languages, Cristallo introduces a warmer, more atmospheric chapter, **crystal like surfaces defined by fractured depth, fluid veining, and a refined sense of translucency** shaped through finish and graphic complexity.

Cristallo Oro 24x48 NAT RECT

Translated into porcelain, Cristallo is composed through **layers of fractured veins that cross, disperse, and soften across the surface**, creating **ambience that feels like light held within matter**.

Cristallo's light is tuned through **three finish expressions**.

Cristallo Bianco 48x48 POL RECT

Cristallo Oro Concavo 24x48 NAT RECT
Cristallo Oro 24x48 Soft RECT

Matte reads calm and restrained, allowing the drawing to feel more architectural. **Polished** amplifies luminosity, revealing the vein structure with greater clarity and glow. Soft introduces a contemporary middle ground, a **satin, silky touch surface with controlled sheen** designed for comfort and sophistication while preserving the collection's crystalline identity.

Dimension becomes part of the language through **Concavo, a sculpted relief made in the USA**. One of the boldest reliefs in the portfolio, it reaches approximately **13.5 mm from base to peak** and **turns shadow into a design material**, giving walls rhythm and a stronger spatial presence.

Cristallo Oro 24x24 POL RECT
Cristallo Oro Mos Eclipse 12x12 Soft RECT

The mosaic program extends Cristallo into detail and composition. **SQ 2x2 anchors continuity**, while **MOS Ellipse** introduces an oblong geometry produced in **glass powder** and printed to match the design, creating **subtle light play and seamless chromatic compatibility** for wet areas and feature applications.

Cristallo Oro 24x48 NAT RECT

Offered as a global collection, Cristallo comes in **Bianco** for luminous continuity and calm flow, and **Oro Rosé 48x48** for warmer depth with golden movement and a peach toned base that feels sunlit from within. It's not marble drama. It's **controlled radiance**, engineered to make space feel **brighter, deeper, and more refined**.

PROUDLY MADE IN USA

Portobello America brings design, innovation, and advanced manufacturing technology to the North American market through a brand shaped for the way this industry designs, specifies, and builds.

Guided by global research and local insight, we transform architectural vision, aesthetic expectations, and technical demands into surfaces that raise the standard for performance, precision, and responsiveness.

Manufactured in the U.S. and backed by Green Squared certification, our products give distributor partners and design professionals the confidence to move from concept to jobsite with greater speed, consistency, and assurance.
